P.T.A. SERVES HOT LUNCHES

Hot lunches for the students are assured through the cold weather by the Parent Teachers committee in charge of this work of which Mrs. L.O. Gaster is chairman. It is her work to call upon the mothers and ask them to serve one hot dish at various days of the schedule.

Miss Darneille, secretary, has the duty of money matters in her hands. The hot lunches are to be served for three cents a meal or fifty cents a month.

Those serving this week were: Mrs. Bitterlin, Mrs. Throckmorton, Mrs. Matthews, Mrs. Hawkins, and Mrs. L.O. Gaster.

WASLEY NAMED DELEGATE TO ANNUAL CONVENTION

Miss Aitken, one of our faculty members, was a delegate from Jackson County to the thirty-sixth annual teacher's convention of Oregon, which was held December 26, 27 and 28 at the Lincoln High School, Portland.

EAGLE POINT VS. SAMS VALLEY ON HOOPS FLOOR, TONIGHT

The girls and boys basketball teams will play their second conference game tonight with Sams Valley.

We hear that Sams Valley has two fast, record, breaking teams and it is up to us to beat them. Every one come and yell for us and we will do the rest.

SHOWERS INSTALLED DURING WINTER VACATION

Eagle Point High School has their much needed showers in time for the Sams Valley game. Mr. Patrick, local carpenter, started working on them December 29 and at the time of the edition of this paper they will probably be finished.

Because of lack of funds the finishing can not be done as had been expected. One set of stairs are yet to be built in and the walls have not all been painted.

The school feels much indebted to the townspeople who so greatly helped in putting this over and also to the Parent Teachers Association for their kind generosity.

HIGH SCHOOL BOYS BUILD TENNIS COURT

Donald Young, Walter Davis, Vance Pearce, Tommy Coy, John Medley with Mr. Davies met at the schoolhouse during Christmas vacation and marked off a tennis court for the Eagle Point High School. It is placed east of the schoolground right above the baseball diamond.

The Parents Teachers Association donated the building material some time ago. The boys have shown good results. When the wire is stretched and a moulding put around the bottom, the court will be finished.
